

Greasepaint

Make different paint colors, then use them to make fun faces on one another!

Tip: Smocks are a good way to prevent messy clothes for this fun activity.

4 Tablespoons shortening

10 teaspoons corn starch

1 teaspoon petroleum jelly

Food coloring

Mix all ingredients together to make a colored paste.

Store in an airtight container.

Be sure to have a mirror handy to view the creations as they appear!

The paint wipes off easily with a soft cloth or paper towel.

This is also a good alternative to a mask on Halloween.
